Overview

MUN, or Model United Nations is a simulation that mirrors the United Nations, allows students to engage in diplomatic discussions, debate global concerns, and collaborate on impactful resolutions. Through which the students gain important traits including public speaking, negotiating and awareness of global issues. Delegates work tirelessly to represent their assigned countries' unique perspectives and create solutions that benefit the international community. Through this process, students gain an appreciation for diplomacy and learn the value of effective teamwork and cooperation.

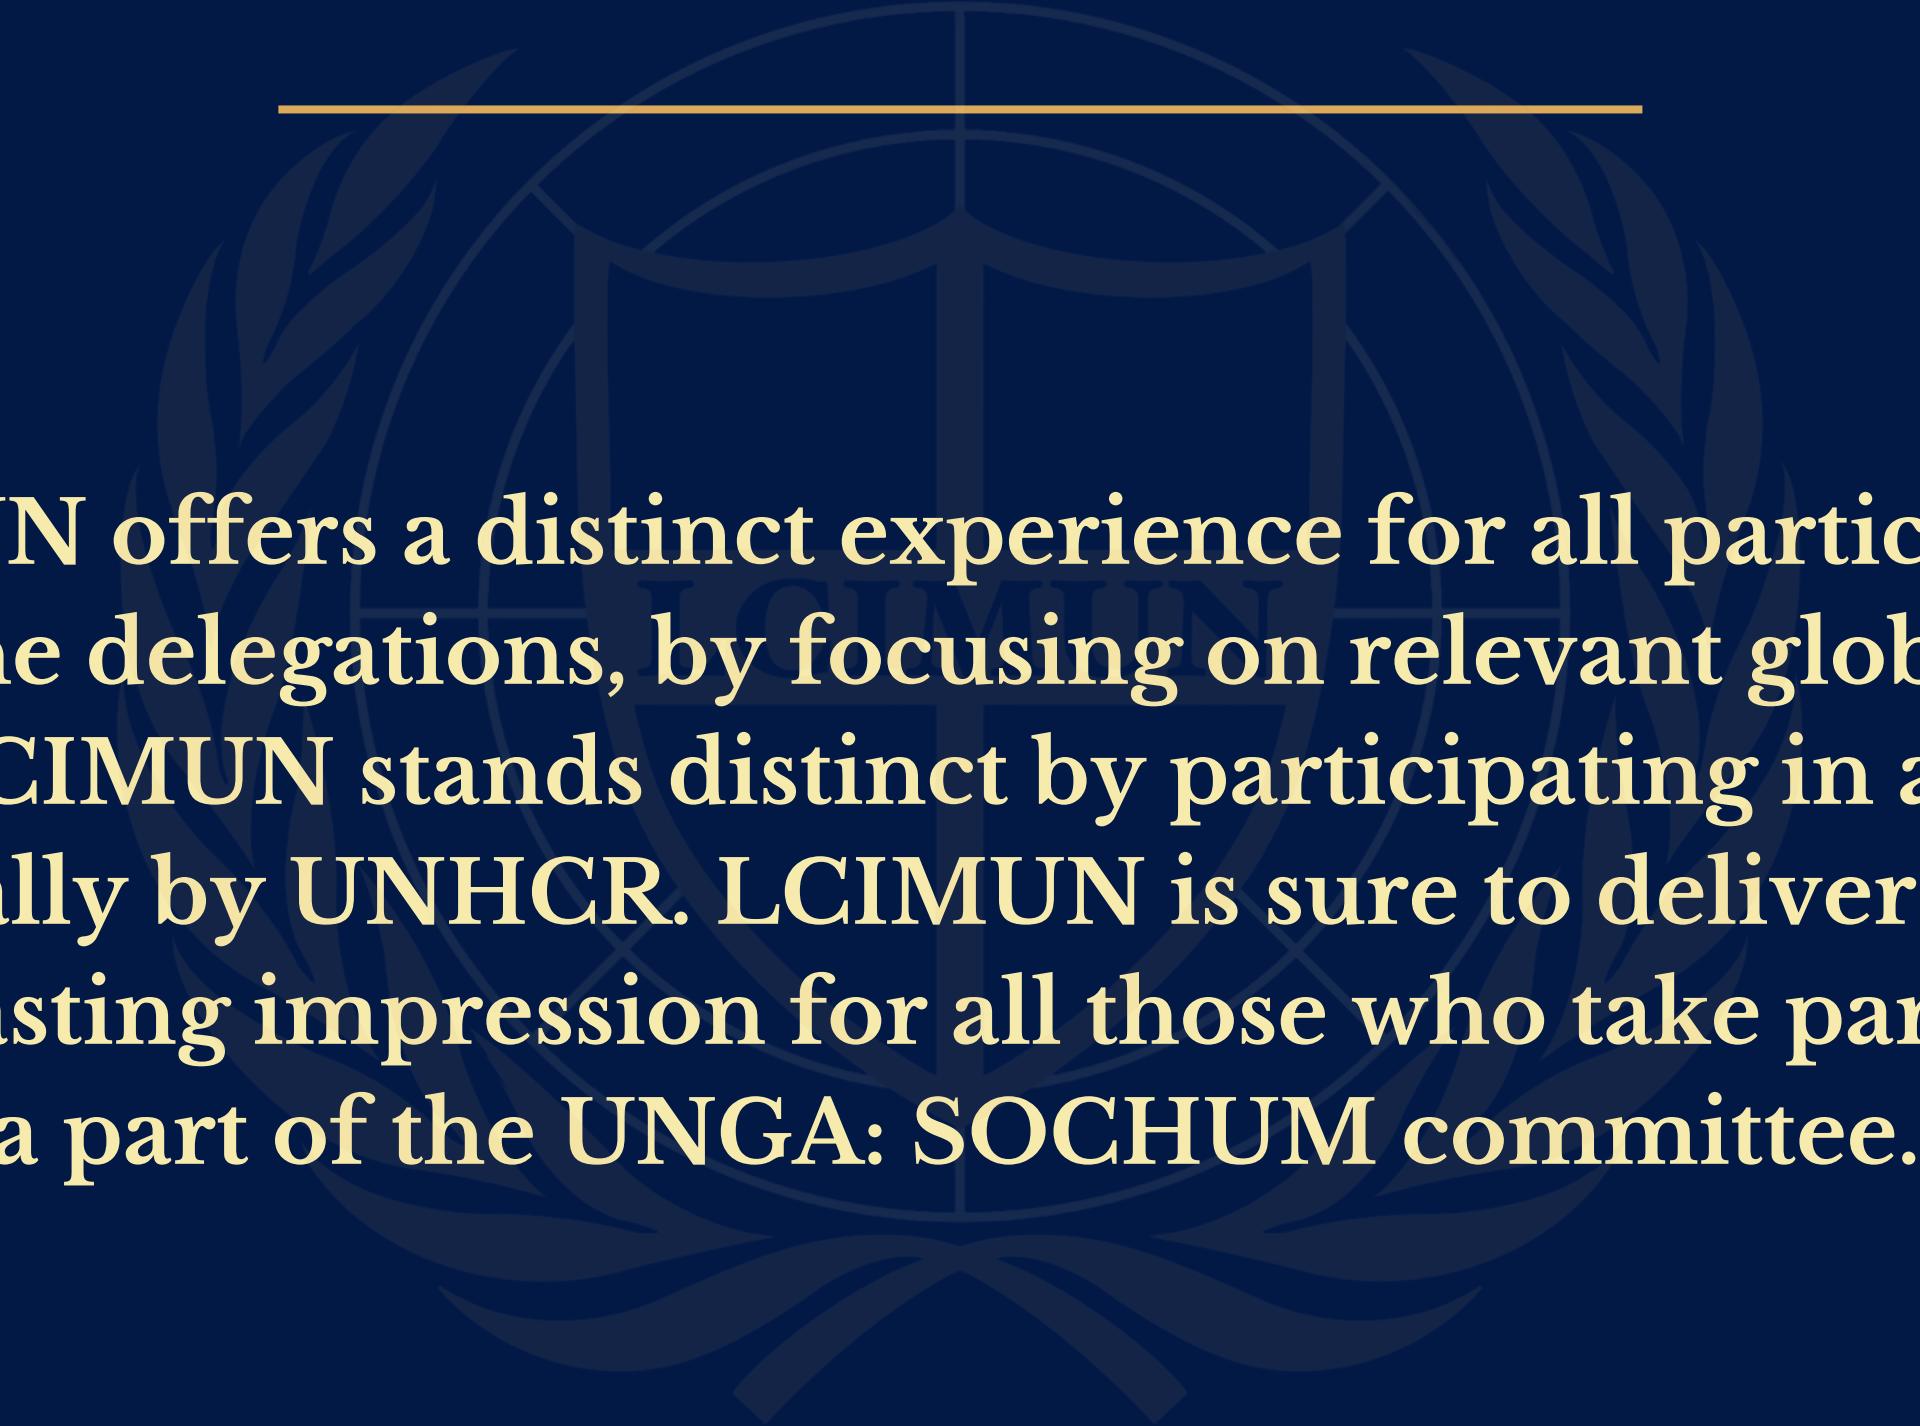

Welcoming

"The United Nations is our one great hope
for a peaceful and free world
-Ralph Bunche"

Join us as we try to replicate and further the vision of diplomats, to bridge cultures, perspectives and solutions. We extend a warm invitation to you, eager minds, to join us for the 3rd chapter of our dynamic conference to cultivate invaluable skills in diplomacy, leadership and expand your horizons.

We welcome you to a journey of collaboration, growth and meaningful change through LCI MUN International on 3rd & 4th November 2023 .

UNHCR CHALLENGE

LCIMUN offers a distinct experience for all participants , be it for the IP or the delegations, by focusing on relevant global affairs that need to be addressed. LCIMUN stands distinct by participating in an MUN challenge proposed globally by UNHCR. LCIMUN is sure to deliver an impeccable experience and a lasting impression for all those who take part. This challenge is a part of the UNGA: SOCHUM committee.

COMMITTEE: UNGA SOCHUM

AGENDA: Ensuring the safety of asylum seekers

Ensuring the safety and well-being of asylum seekers is a paramount commitment that transcends borders and speaks to the very essence of our shared humanity. Asylum seekers might face pushbacks at borders, discrimination, trafficking and arbitrary detention.

In a world rife with challenges, it becomes our collective duty to establish robust systems that guarantee the protection of those seeking refuge from perilous circumstances. The SOCHUM recognizes the key factors to be "No pushback at borders", "No discrimination", "Safe access", "Humane treatment" and aims to ensure these issues are resolved through meaningful debate at the conference.

CHAIR: SHARAN SUNIL KRISHNAA
VICE CHAIRS: FARHA NISHAD, ADVIKA NAIR

COMMITTEE: UNSC UNODC

AGENDA: Discussing ways to reduce human trafficking and immigrant smuggling worldwide caused by armed conflict

Human trafficking and migrant smuggling are global and widespread crimes that use men, women and children for profit. This deeply disturbing and reprehensible practice preys upon the most vulnerable members of our society, exploiting their hopes and dreams for a better life. Combating smuggling and trafficking requires a systematic understanding of the nature and scope of the problem as well as best practices for controlling these operations. There are some beneficial approaches to combat migrant smuggling and human trafficking: law enforcement activities, educational programs, participating in spreading awareness, and efforts to protect the rights of those who have been smuggled.

CHAIR: DANIEL ABRAHAM SUJITH
VICE CHAIRS: DARIO BINU KOSHY, LEAH ELIZABETH BEN

INTERNATIONAL PRESS (IP)

Students will participate in a simulation involving IP members, acting as unbiased journalists reporting on conference proceedings. They investigate committee debates, conduct interviews, edit articles, and cover press conferences. They observe simulations and disseminate information to all LCIMUN participants. IP members must conduct background research, gather relevant information, and conduct live interviews. Photos taken by IP members will only be used for report submissions and compilation of LCIMUN International materials

Details
